

**DC CLEAN RIVERS PROJECT
NEIGHBORHOOD BUSINESS MITIGATION QUESTIONNAIRE**

DC Water is preparing to begin construction on the Northeast Boundary Tunnel (NEBT) portion of its DC Clean Rivers Project which will increase the capacity of the existing sewer system in the District, significantly reducing sewer flooding and improving the water quality of the Anacostia River. To adequately assess potential impacts and to receive direct input from residents and businesses along the NEBT alignment, DC Water has and will continue to conduct outreach throughout the duration of the project.

As part of our outreach efforts, DC Water is conducting a business mitigation survey of businesses within the zone of influence of the Northeast Boundary Tunnel. We would like to ask you a few questions to help us best determine the appropriate mitigation efforts that meet the needs of your business.

BUSINESS NAME: *(Please print clearly)*

BUSINESS ADDRESS:

BUSINESS PHONE NUMBER:

BUSINESS OWNER NAME: *(Please print clearly)*

BUSINESS OWNER ADDRESS:

BUSINESS OWNER PHONE NUMBER:
